

BRITISH ATTITUDE IRRITATES AMERICAN SHIPPERS

Washington, June 26. — Irritation against British interference with American trade is increasing, as evidenced by letters reaching government departments. It is accepted here that, as a consequence, the new protest to England, now under preparation by Sec'y of State Lansing, will be expedited. FUNKHOUSER TO BE HIT AGAIN?

Major Funkhouser, second police deputy, head of the morals squad, seems to have lost more of his power.

If the governor signs the movie censor bill passed by the legislature Funkhouser will no longer have any say in abbreviating films shown in Chicago. He has been doing this with a high hand of late, to the dramatic detriment of many pictures and the suppression of others.

In the opinion of Ass't Corp. Counsel Reker the new state law would supersede the authority of the city picture censor ordinance.
